

St. John's Lutheran Schools E News Request Form

Throughout the school year there are many important papers that are sent home with your child. By signing the form below, you can receive such papers like the weekly informer, billing statements, and hot lunch order forms directly at your home or office. When you sign up for E News, weekly papers like the informer and invoices will no longer be sent home with your child. All information that is sent by mail will still be mailed to your home address. If you would like to be added to this list, simply return the form below with your child's enrollment packet. If you have any questions regarding "E News" ask the office.
